- Quick locking brake

NO-PULL ▶

◀ LEASH

HOW IT WORKS

ThunderLeash will help make walking your dog a hassle free, positive experience for both you and your dog. ThunderLeash is the perfect combination of simplicity and functionality. For those times you just need a standard leash for a quick walk, connect the ThunderLeash to your dog's collar and go. But for times when pulling is a problem, simply wrap ThunderLeash around your dog's torso and a mild pressure is applied everytime he pulls.

100% SATISFACTION GUARANTEE
